PROFILE SUMMARY

Full Stack Developer with expertise in React.js, Next.js, Node.js, MongoDB, and TypeScript. Experienced in building functional, user-friendly web applications using clean, efficient code. Seeking internship or entry-level software engineer position to develop secure, scalable applications and contribute to collaborative development teams. Passionate about problem-solving and committed to delivering high-quality software solutions.

EXPERIENCE

Web Developer | E-Cell ADGITM   Aug 2024 – Feb 2025

- Developed organisation's website using Next.js and Tailwind CSS
- Built dynamic admin panel with Node.js, MongoDB, and Cloudinary for event and gallery management, reducing content update process time by 60%
- Collaborated with cross-functional teams to enhance digital outreach and user experience.

PROJECTS

SecureKeep | Code | Demo
Tools: Next.js, Node.js, TypeScript, JWT, MongoDB, Tailwind CSS, Nodemailer

- Developed full-stack web application for secure credential management with AES-256 encryption.
- Implemented JWT authentication with httpOnly cookies and client-side decryption on demand.
- Built responsive UI with search functionality and CSV export capabilities.

Storely – Cloud Storage | Code | Demo
Tools: Next.js, Appwrite, Tailwind CSS

- Built a Google Drive-like cloud storage platform with OTP-based authentication.
- Supports file upload and sharing across images, videos, audio, and document formats.

Online Code Editor | Code | Demo
Tools: React.js, Monaco Editor, Piston API, Chakra UI

- Developed web-based code editor supporting multiple programming languages (Python, Java, JavaScript, C++)
- Integrated Monaco Editor for syntax highlighting and Piston API for real-time code execution
- Built responsive interface with multi-language support and instant code compilation capabilities
-

EDUCATION

Guru Gobind Singh Indraprastha University   2022 – 2026
Bachelor of Technology in Information Technology   CGPA: 9.1/10 (6 Semesters)

Technical Skills

- **Languages**: JavaScript, TypeScript, Python, Java
- **Web**: HTML, CSS, Tailwind CSS, React.js, Next.js, Node.js
- **Database**: MongoDB, MySQL
- **Tools/Platforms**: Git/GitHub, Vercel, Docker, Firebase, Prisma, Postman, Figma
- **Others**: Redux, REST APIs, Express.js, JWT, Clerk Auth, Cloudinary

CERTIFICATIONS

- SQL & Relational Databases – Cognitive Class
- Machine Learning with Python – Cognitive Class
- Social Summer of Code – United Latino Students Association

SOFT SKILLS

- Problem-solving, Teamwork, Communication, Time Management, Attention to Detail, Eagerness to Learn
